DEAR MAC USER

Dear Mac User,

As with all new technological developments, the most vital accessory is information. The purpose of this newsletter is to gather and disseminate information, helpful hints, product updates and most importantly, news on the latest software releases.

It is hoped that you, the reader, will help form the first Macintosh User Group in Australia, in order to stay abreast of the rapid advances the Mac is making into the desktop micro market. This group will be known as the Sydney Macintosh Users Group (SMUG).

The Computer Shop will make facilities available to SMUG for regular meetings, software and hardware demos, classes etc. Anyone interested in becoming a foundation member of SMUG please complete the attached form and return it to the address shown ASAP.

Since Macintosh, Lisa and Mouse Technology are generating huge interest from all quarters, I am looking forward to a healthy roll-up to launch this exciting project.

Regards
Ron Baxter

SPECIAL SERVICES AVAILABLE ONLY FROM THE COMPUTER SHOP

FIELD TECHNICAL SERVICE
Do you have any equipment that is not in full working order simply because you cannot pay exhorbitant rates to have it repaired?

Then Perhaps we can have one of our field engineers visit your school for just $15.00 per hour plus travelling time.

We can effect most repairs on the spot as well as carry out our preventitive maintenance routine on all of your Apple and IBM equipment and peripherals.

Any hardware that cannot be repaired on site will be taken back to our service centre where we will have our service manager phone you with a quotation prior to commencing the job.

Our field technical service applies to the metropolitan area only. Country schools can use our hotline facility.

HOTLINE: SYDNEY — (02) 517 2999 BRISBANE — (07) 44 6926

Our hotline is manned daily from 9.00 am to 5.30 pm. Experience has shown that most technical and hardware/software incompatability problems can be resolved over the phone with our service engineers or software specialists. In the event that the software or hardware has to be returned to our premises we will have it in working order again in the shortest possible time.

AFTER SALES SERVICE
We are committed to providing a complete back-up service to the products you purchase from our stores.

Our service centres handle the repair of our products. Both warranty and non warranty work is handled within a 48-hour turn-around where possible.

We pride ourselves in our after sales service and are rated in the top 5 of distributors Australia wide by both IBM and Apple.

EDUCATION SOFTWARE CENTRE
At our Head Office in Sydney and in our Brisbane office, you can evaluate all popular software programs in a quiet environment with the aid of our librarian. You can truly try before you buy.

TCS EDUCATION SOFTWARE LIBRARY
We have a collection of 3000 teacher-developed programs catalogued by subject and school year. Membership is available if you buy your computer from The Computer Shop, at just $49 per annum. To qualify, you must ensure that your orders are sent directly to The Computer Shop for processing.

COMPUTER LEARNING CENTRE
Our training centre at our Head Office is set up with up to 20 computers where teachers and Government employees can attend computer courses. Over 1000 teachers, parents and students attended our classes last year with a further 600 so far this year. Our Learning Centre complete with IBM or Apple computers is also available for hire.

GUARANTEE
Only by ordering through one source will you receive our guarantee that all hardware and software is compatible. We guarantee the performance of each item supplied both individually and as a system.

90 DAY FREE WARRANTY
90 Day Free Warranty and Extended Warranty Contracts are available from The Computer Shop.
